The Union Carbide Chemical Company Beneficiary Designation for Preretirement Death Benefits under the Union Carbide Employees' Pension Plan

This form is used to designate one or more beneficiaries for purposes of preretirement death benefits that may be payable from the Union Carbide Employees' Pension Plan (the "Plan") on your behalf if you die before commencing your retirement benefits. If you commence your retirement benefit before death, this designation form becomes null and void, and any death benefit payable from the Plan on your behalf will be subject to the optional form of benefit you elected and the beneficiary you designated in connection with your benefit commencement.
