What is your organization's overall purpose/mission?

Project title

Is this a new project? Yes No

How many people will benefit from the project?

Which area of Dow’s contributions strategy applies to this project? Check all that apply.

- Science in Society** – promoting understanding of chemicals and their roles in society, or interest in the fields of chemistry, engineering, technology and/or science.
- Contributing to Community Success** – meeting community needs, increasing employment skills, job creation, improving social infrastructure.
- Environmental Sustainability** – enhancing or protecting the environment, raising environmental awareness.

Amount requested \$

(May not exceed grant levels. Funding requests below the maximum allowable are encouraged, as they allow Dow to increase the number of projects that can be funded).

Please provide an itemized project budget and note the item(s) for which you require the community grant (can provide on a separate page if required).

Description of proposed project (150 words or less)—include purpose of project, specific activities involved, and start and end dates.

Project/program benefits – Who will benefit? How does this improve the community over the long term?

How does this project provide opportunities for relationship building and interaction between community members and with Dow employees or retirees?

If the amount of the project exceeds the amount of the grant, how do you plan to raise the remainder of the funds?

How will the project be sustained in the future?
