Aetna Transition-of-Care Coverage Questions and Answers

Q. What is transition-of-care (TOC) coverage?

- A. TOC coverage is temporary coverage you can receive when you become a new member of an Aetna medical benefits plan or change your current Aetna medical plan, and a doctor you are being treated by:
- Is not in the Aetna network or;
 - Leaves the Aetna network or;
 - Changes Aexcel or integrated delivery system (IDS) home host status, which affects your benefits, or
 - Is not included in Aexcel or the IDS home host network and your benefits change to include one of these networks.

TOC coverage is not for primary care physicians (PCPs) who are not in the Aetna network, except when the PCP leaves the Aetna network during your plan year, and you are receiving treatment, or if certain laws or regulations apply. TOC coverage allows a member who is receiving treatment to continue the treatment **for a limited time** at the preferred plan benefit level.

TOC coverage is only for the requested doctor and does not include facilities or hospitals. If the request is approved, the doctor must use a facility or hospital in the Aetna network.

Q. What is an active course of treatment?

- A. An active course of treatment is when you have begun a program of planned services with your doctor to correct or treat a diagnosed condition. The start date is the first date of service or treatment. An active course of treatment covers a certain number of services or period of treatment for special situations. Some examples may include, but are not limited to:
- Members who enroll with Aetna beyond 20 weeks of pregnancy (unless there are specific state or plan requirements). Members less than 20 weeks pregnant whom Aetna confirms as high risk are reviewed on a case-by-case basis.
 - Members in an ongoing treatment plan, such as chemotherapy or radiation therapy.
 - Members with a terminal illness who are expected to live six months or less.
 - Members who need more than one surgery, such as cleft palate repair.
 - Members who have recently had surgery.
 - Members who receive outpatient treatment for a mental illness or for substance abuse. (The member must have had at least one treatment session within 30 days before the effective/renewal date of the Aetna plan.)
 - Members with an ongoing or disabling condition that suddenly gets worse.
 - Members who may need or have had an organ or bone marrow transplant.

To be considered for TOC coverage, the course of treatment must have started before the enrollment or re-enrollment date, or *before* the date your doctor left the Aetna network, or *before* the date of a doctor's Aexcel or IDS Home Host network status change.

Q. What other types of providers, besides doctors, can be considered for TOC coverage?

- A. Health care professionals such as physical therapists, occupational therapists, speech therapists, and agencies that provide skilled home care services such as visiting nurses. TOC does not apply to durable medical equipment (DME) vendors, health care facilities (for example, hospital, skilled nursing facility) or pharmacy vendors.

Q. If I am currently receiving treatment from my doctor, why wouldn't my request be approved for TOC coverage?

- A. In addition to currently receiving treatment, your request must involve a covered procedure/service. Your doctor must also agree to accept the terms outlined on the TOC Request Form.

Q. My PCP is no longer an Aetna provider. If my plan requires me to select a PCP, can I still see my doctor?

- A. If you are currently receiving treatment, you may still be able to visit your PCP, even if they leave the network. In all states except Texas and New Jersey, you may need to select a PCP in the Aetna network. In Texas and New Jersey, TOC may apply to PCPs. Talk to your PCP so that he/she can help you with your future health care needs.

Q. How long does TOC coverage last?

- A. Usually, TOC coverage lasts 90 days but this may vary based on your condition (for example, pregnancy). You will be informed if your TOC coverage request is approved and how long it will last.

Q. How do I sign up for TOC coverage?

- A. Contact your employer or Aetna Member Services. You must submit a TOC Request Form to Aetna:
- Within 90 days of when you enroll or re-enroll, or
 - Within 90 days of the date the provider left the Aetna network, or
 - Within 90 days of a doctor's Aexcel or IDS home host network status change.

You or your doctor can send in the request form.

Q. How will I know if my request for TOC coverage is approved?

- A. You will receive a letter in the mail. The letter will say whether or not you are approved. .

Q. Does TOC coverage apply to the Traditional Choice Plan?

- A. No. This plan does not have a provider network.

Q. What if I have an Aexcel or IDS plan?

- A. If TOC coverage is approved, you may still receive care at the highest benefit level for a certain time period. If you continue treatment with a doctor who is not part of the Aexcel/IDS home host network, or a doctor whose Aexcel/IDS home host network status changes after the approved time period, your coverage would follow what is stated in your plan design. This means you may have reduced benefits or no benefits.

Q. If I have additional questions about TOC, who can I contact?

- A. You can call the Member Services number on your Aetna ID card. If you have questions about TOC mental health services, you can call the Member Services number on your Aetna ID card or, if listed, the mental health or behavioral health number.
