

Economical heavy duty degreaser

Formulation components (Add ingredients in order by weight)

Ingredients	Function	Wt%	Request sample below
TERGITOL™ 25-7 Surfactant	Wetting	2	Request sample
Butyl CARBITOL™	Solubilization	10	
MEA	pH adjustment	2	
DI Water	Diluent	QS*	

*Quantum Satis represents the amount left to achieve 100%

Test data

Hard surface cleaning performance of Dow formulation compared to 3 commercial products. The Dow formulation shows improved hard surface cleaning of a cross-linked vegetable oil soil, even after dilution.

*Diluted to manufacturers' recommended levels. Dilution levels are typically determined by the concentration of the original formulation.

Product stewardship

Dow has a fundamental concern for all who make, distribute, and use its products, and for the environment in which we live. This concern is the basis for our product stewardship philosophy by which we assess the safety, health, and environmental information on our products and then take appropriate steps to protect employee and public health and our environment. The success of our product stewardship program rests with each and every individual with Dow products – from the initial concept and research, to manufacture, use, sale, disposal, and recycle of each product.

Customer notice

Dow strongly encourages its customers to review both their manufacturing processes and their applications of Dow products are not used in ways for which they are not intended or tested. Dow personnel are available to answer your questions and to provide reasonable technical support. Dow product literature, including safety data sheets, should be consulted prior to use of Dow products. Current safety data sheets are available from Dow.
