

## Technical Data Sheet

### EcoSmooth™ Satin Conditioning Polymer

#### Chemical Description

INCI Name: Ethylene/Sodium Acrylate Copolymer

#### Benefits

- Offers equivalent to improved conditioning performance, as compared to cationic polymers
- Offers equivalent to improved sensory and foam performance, as compared to cationic polymers

#### Applications

- Shampoos
- Body Washes

#### Typical Physical Properties (These properties are typical but should not be considered specifications)

Appearance	Slightly hazy to clear liquid
Solids content, % by weight	~25%
pH, as supplied	9.2 – 10.5
Viscosity (as is), cPs	<1,000 (Brookfield at 25°C)
Neutralized	Sodium Hydroxide, 85%

#### Storage

This product should not be stored at temperatures below 4°C or above 37°C. This product should be kept from freezing.

#### Handling Precautions

Before using this product, consult the Material Safety Data Sheet (MSDS)/Safety Data Sheet (SDS) for details on product hazards, recommended handling precautions and product storage.

#### Disposal

Dispose in accordance with all local, state (provincial) and federal regulations. Empty containers may contain hazardous residues. This material and its container must be disposed in a safe and legal manner.

It is the user's responsibility to verify that treatment and disposal procedures comply with local, state (provincial) and federal regulations. Contact your Dow Technical Representative for more information.

## Product Stewardship

Dow has a fundamental concern for all who make, distribute, and use its products, and for the environment in which we live. This concern is the basis for our product stewardship philosophy by which we assess the safety, health, and environmental information on our products and then take appropriate steps to protect employee and public health and our environment. The success of our product stewardship program rests with each and every individual involved with Dow products – from the initial concept and research, to manufacture, use, sale, disposal, and recycle of each product.

## Customer Notice

Dow strongly encourages its customers to review both their manufacturing processes and their applications of Dow products from the standpoint of human health and environmental quality to ensure that Dow products are not used in ways for which they are not intended or tested. Dow personnel are available to answer your questions and to provide reasonable technical support. Dow product literature, including safety data sheets, should be consulted prior to use of Dow products. Current safety data sheets are available from Dow.
