

## ROBOND™ PS-9006 Adhesive

Painter's Grade Masking Tape Adhesive

### Regional Product Availability Description

- Europe, Middle East and Africa

ROBOND™ PS-9006 Adhesive is a ready-to-use aqueous Acrylic Pressure Sensitive Adhesive designed for Painter's Grade paper masking tape applications. Masking tapes prepared with ROBOND PS-9006 Adhesive offer clean removability after aging on a variety of surfaces including glass and painted dry walls where 14 days clean removal is desired.

ROBOND PS-9006 Adhesive is designed to have good qualitative tack, excellent UV resistance, and clean removability, which are highly desirable attributes of a painter's tape application.

### Typical Applications

ROBOND™ PS-9006 adhesive has been designed for Painter's grade paper masking tapes coated with specific release compatible with Acrylic Adhesives.

### Key Features

- 14 day removability from painted dry wall
- Excellent UV resistance
- Good Qualitative Tack
- Limited Peel Build
- APEO-free\*

*\*APEOs (Alkyl Phenol Ethoxylates) are not intentionally added to Dow adhesive products. Therefore, to the best of Dow's present knowledge, APEOs are not present in the final product composition, unless at trace levels, as an unknown impurity from the raw materials.*

### Typical Physical Properties

(These properties are typical but do not constitute specifications.)

| Property                                    | Value                 |
|---------------------------------------------|-----------------------|
| Appearance                                  | Milky white, liquid   |
| Solids content, %                           | 56.5                  |
| pH                                          | 8.5                   |
| Brookfield Viscosity, LV2, 30rpm, 25°C (cP) | 350                   |
| Storage stability                           | Protect from freezing |

*Disclaimer: Since end-use performance of the adhesive can vary depending upon tape construction and use such as coat weight, paper type, paint and surface to be masked, it is important to fully test the tape made with ROBOND™ PS-9006 in the specific application and conditions first for qualifying.*

### Handling Precautions

Before using this product, consult the Material Safety Data Sheet (MSDS)/Safety Data Sheet (SDS) for details on product hazards, recommended handling precautions and product storage.

### Storage

Store products in tightly closed original containers at temperatures recommended on the product label.

### Disposal Considerations

Dispose in accordance with all local, state (provincial) and federal regulations. Empty containers may contain hazardous residues. This material and its container must be disposed in a safe and legal manner.

It is the user's responsibility to verify that treatment and disposal procedures comply with local, state (provincial) and federal regulations. Contact your Dow Technical Representative for more information.

## Product Stewardship

The Dow Chemical Company and its subsidiaries ("Dow") has a fundamental concern for all who make, distribute, and use its products, and for the environment in which we live. This concern is the basis for our Product Stewardship philosophy by which we assess the safety, health, and environmental information on our products and then take appropriate steps to protect employee and public health and our environment. The success of our Product Stewardship program rests with each and every individual involved with Dow products — from the initial concept and research, to manufacture, use, sale, disposal, and recycle of each product.

## Customer Notice

Dow strongly encourages its customers to review both their manufacturing processes and their applications of Dow products from the standpoint of human health and environmental quality to ensure that Dow products are not used in ways for which they are not intended or tested. Dow personnel are available to answer your questions and to provide reasonable technical support. Dow product literature, including safety data sheets, should be consulted prior to use of Dow products. Current safety data sheets are available from Dow.

## Medical Applications Policy

NOTICE REGARDING MEDICAL APPLICATION RESTRICTIONS: Dow will not knowingly sell or sample any product or service ("Product") into any commercial or developmental application that is intended for:

- a. long-term or permanent contact with internal bodily fluids or tissues. "Long-term" is contact which exceeds 72 continuous hours;
- b. use in cardiac prosthetic devices regardless of the length of time involved ("cardiac prosthetic devices" include, but are not limited to, pacemaker leads and devices, artificial hearts, heart valves, intra-aortic balloons and control systems, and ventricular bypass-assisted devices);
- c. use as a critical component in medical devices that support or sustain human life; or
- d. use specifically by pregnant women or in applications designed specifically to promote or interfere with human reproduction.

Dow requests that customers considering use of Dow products in medical applications notify Dow so that appropriate assessments may be conducted.

Dow does not endorse or claim suitability of its products for specific medical applications. It is the responsibility of the medical device or pharmaceutical manufacturer to determine that the Dow product is safe, lawful, and technically suitable for the intended use. **DOW MAKES NO WARRANTIES, EXPRESS OR IMPLIED, CONCERNING THE SUITABILITY OF ANY DOW PRODUCT FOR USE IN MEDICAL APPLICATIONS.**

## Disclaimer

NOTICE: No freedom from infringement of any patent owned by Dow or others is to be inferred. Because use conditions and applicable laws may differ from one location to another and may change with time, the Customer is responsible for determining whether products and the information in this document are appropriate for the Customer's use and for ensuring that the Customer's workplace and disposal practices are in compliance with applicable laws and other governmental enactments. Dow assumes no obligation or liability for the information in this document. **NO WARRANTIES ARE GIVEN; ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY EXCLUDED.**

NOTICE: If products are described as "experimental" or "developmental": (1) product specifications may not be fully determined; (2) analysis of hazards and caution in handling and use are required; (3) there is greater potential for Dow to change specifications and/or discontinue production; and (4) although Dow may from time to time provide samples of such products, Dow is not obligated to supply or otherwise commercialize such products for any use or application whatsoever.
