

## XIAMETER™ OFS-6509 Silane

### Features & Benefits

- Reactive alkoxy functionality reacts with water to form siloxane polymers
- Bonds to hydroxyl bearing surfaces (e.g., metal oxides, siliceous, cellulose)
- Provides hydrophobicity
- Forms flexible silicone polymers

### Composition

- Dimethyldiethoxy silane

### Applications

- Surface treatment to increase hydrophobicity
- Reactive intermediate for siloxane synthesis

### Typical Properties

Specification Writers: These values are not intended for use in preparing specifications.

**Disposal Considerations**

Dispose in accordance with all local, state (provincial) and federal regulations. Empty containers may contain hazardous residues. This material and its container must be disposed in a safe and legal manner.

It is the user's responsibility to verify that treatment and disposal procedures comply with local, state (provincial) and federal regulations. Contact your Dow Technical Representative for more information.

**Product Stewardship**

Dow has a fundamental concern for all who make, distribute, and use its products, and for the environment in which we live. This concern is the basis for our product stewardship philosophy by which we assess the safety, health, and environmental information on our products and then take appropriate steps to protect employee and public health and our environment. The success of our product stewardship program rests with each and every individual involved with Dow products - from the initial concept and research, to manufacture, use, sale, disposal, and recycle of each product.

**Customer Notice**

Dow strongly encourages its customers to review both their manufacturing processes and their applications of Dow products from the standpoint of human health and environmental quality to ensure that Dow products are not used in ways for which they are not intended or tested. Dow personnel are available to answer your questions and to provide reasonable technical support. Dow product literature, including safety data sheets, should be consulted prior to use of Dow products. Current safety data sheets are available from Dow.
