Subject: Declaration regarding the Dow branded Products DOWSIL™, XIAMETER™, SYLGARD™, SYL-OFF™ and SILASTIC™

We are a sub-tier supplier to the automotive industry. We understand that the European ELV Directive requires Tier 1 automotive suppliers and automotive OEMs to obtain the necessary information from the supply chain in order to comply with Articles 4 and 8 of the Directive. To assist our customers and their customers with their compliance, we provide the following information regarding the Dow branded Products* indicated above:

We do not intentionally formulate these Product(s)* to contain lead, cadmium, chromium (VI), and/or mercury, nor is/are this/these Product(s)* intentionally formulated using hazardous ingredients at the legally declarable level required by the Directive with the exception of those disclosed in section 2 or 3 of the European safety data sheet.**

Sincerely,

The Dow Chemical Company (for itself and on behalf of its subsidiaries)

*The Dow branded Products indicated above and commercially available on the date of this letter.

**For more information on the European safety data sheets, please refer to consumer.dow.com.

NOTE: The contract for supply of the customer’s Dow Product(s)* remains between the customer and the supplying Dow legal entity or Dow distributor as appropriate. Responsibility for the information provided hereunder rests solely with that supplying entity. This letter does not represent a commitment to supply any Dow Product.

DISCLAIMER: This information is considered accurate and reliable as of the date appearing above and is presented in good faith. Because use conditions and applicable laws may differ from one location to another and may change with time, Recipient is responsible for determining whether the information in this document is appropriate for Recipient’s use. Since Dow has no control over how this information may be ultimately used, all liability is expressly disclaimed and Dow assumes no obligation or liability therefore. No warranty, express or implied, is given nor is freedom from any patent owned by Dow or others to be inferred.
