

Technical Data Sheet

DOWSIL™ RSN-0217 Flake Resin

100 percent phenyl silicone, silanol-functional, flake for use as a binder for powder and liquid coatings

Features & Benefits

- Good thermal stability
- Good weatherability
- Good compatibility with organic resins
- Complies with FDA 21 CFR 175.300

Composition

- Flaked solid resin
- Silanol functional

Applications

DOWSIL™ RSN-0217 Flake Resin can be evaluated for potential applications:

- As a binder in powder and liquid coatings with excellent thermal and weathering resistance
- As a blending resin with organic resin coatings to improve physical properties and performance

Typical Properties

Specification Writers: These values are not intended for use in preparing specifications.

CTM ¹	Property	Unit	Result
0208	Solids Content	%	99
0936	Tg	°C (°F)	64 (147)
0874	Melt Viscosity at 107°C (225°F)	cP	92,000
0874	Melt Viscosity at 150°C (302°F)	cP	1410
0598	Hydroxyl Content	%	6.0
0090	Flash Point Closed Cup	°C (°F)	138 (280)
	Theoretical Residual Silicon Dioxide	%	47
	Degree of Substitution		
	Solubility		Ketones, esters, chlorinated solvents, alcohols, aromatic hydrocarbons and solvent blends with a Kauri-butanol value > 50.

1. CTM: Corporate Test Method, copies of CTM's are available on request.

**Handling
Precautions**

PRODUCT SAFETY INFORMATION REQUIRED FOR SAFE USE IS NOT INCLUDED IN THIS DOCUMENT. BEFORE HANDLING, READ PRODUCT AND SAFETY DATA SHEETS AND CONTAINER LABELS FOR SAFE USE, PHYSICAL AND HEALTH HAZARD INFORMATION. THE SAFETY DATA SHEET IS AVAILABLE ON THE DOW WEBSITE AT DOW.COM, OR FROM YOUR DOW SALES APPLICATION ENGINEER, OR DISTRIBUTOR, OR BY CALLING DOW CUSTOMER SERVICE.

**Usable Life and
Storage**

When stored at 22°C (72°F) in the original unopened container, this product has a usable life of 24 months from the date of production.

Opened containers should be tightly closed after use to prevent contaminants and water vapor from entering the product. Maximum storage temperatures should be maintained below 22°C (72°F).

Limitations

This product is neither tested nor represented as suitable for medical or pharmaceutical uses.

**Health and
Environmental
Information**

To support customers in their product safety needs, Dow has an extensive Product Stewardship organization and a team of product safety and regulatory compliance specialists available in each area.

For further information, please see our website, dow.com or consult your local Dow representative.

**Disposal
Considerations**

Dispose in accordance with all local, state (provincial) and federal regulations. Empty containers may contain hazardous residues. This material and its container must be disposed in a safe and legal manner.

It is the user's responsibility to verify that treatment and disposal procedures comply with local, state (provincial) and federal regulations. Contact your Dow Technical Representative for more information.

**Product
Stewardship**

Dow has a fundamental concern for all who make, distribute, and use its products, and for the environment in which we live. This concern is the basis for our product stewardship philosophy by which we assess the safety, health, and environmental information on our products and then take appropriate steps to protect employee and public health and our environment. The success of our product stewardship program rests with each and every individual involved with Dow products - from the initial concept and research, to manufacture, use, sale, disposal, and recycle of each product.

Customer Notice

Dow strongly encourages its customers to review both their manufacturing processes and their applications of Dow products from the standpoint of human health and environmental quality to ensure that Dow products are not used in ways for which they are not intended or tested. Dow personnel are available to answer your questions and to provide reasonable technical support. Dow product literature, including safety data sheets, should be consulted prior to use of Dow products. Current safety data sheets are available from Dow.
