

## PRIMAL™ AC-264LO Emulsion

100% Acrylic Polymer for Exterior Flat, Satin and Semigloss Architectural Coatings

### Regional Product Availability

- Latin America

### Description

PRIMAL™ AC-264LO Emulsion is a high solids, 100% acrylic polymer designed for exterior latex paints which offer a high level of adhesion to chalky substrates.

PRIMAL AC-264LO Emulsion offers excellent exterior durability and excellent response to non-ionic rheology modifiers when formulating premium paints.

### Key Features

- 100% acrylic polymer composition.
- Low Odor.
- Excellent exterior durability.
- Excellent adhesion to chalky surfaces.
- Very good tint retention.
- Very good dirt pick-up resistance.
- Very good water resistance.

### Typical Properties

(These properties are typical but do not constitute specifications).

Property	Typical Values
Appearance	Opaque, white to off-white liquid
Solids, by weight, %	60.5
Density (g/ml), wet	1.05
pH	8.1
Minimum Film Formation Temperature ( $\pm 2^{\circ}\text{C}$ )	5
Viscosity (Brookfield LV #3, 60 rpm, 25°C), cps	< 650
Storage precautions	Protect from freezing

## **Handling Precautions**

Before using this product, consult the Material Safety Data Sheet (MSDS)/Safety Data Sheet (SDS) for details on product hazards, recommended handling precautions and product storage.

## **Storage**

Store products in tightly closed original containers at temperatures recommended on the product label.

## **Disposal**

Dispose in accordance with all local, state (provincial) and federal regulations. Empty containers may contain hazardous residues. This material and its container must be disposed in a safe and legal manner.

It is the user's responsibility to verify that treatment and disposal procedures comply with local, state (provincial) and federal regulations. Contact your Dow Coating Materials Technical Representative for more information.

## **Chemical Registration**

Many countries require the registration of chemicals, either imported or produced locally, prior to their commercial use. Violation of these regulations may lead to substantial penalties imposed upon the user, the importer or manufacturer, and/or cessation of supply. It is in your interests to ensure that all chemicals used by you are registered. Dow does not supply unregistered products unless permitted under limited sampling procedures as a precursor to registration.

## **Note on Product Line**

Product availability and grades vary throughout countries. Please contact your local Dow Coating Materials representative for further information and samples.

## **Product Stewardship**

Dow has a fundamental concern for all who make, distribute, and use its products, and for the environment in which we live. This concern is the basis for our product stewardship philosophy by which we assess the safety, health, and environmental information on our products and then take appropriate steps to protect employee and public health and our environment. The success of our product stewardship program rests with each and every individual involved with Dow products - from the initial concept and research, to manufacture, use, sale, disposal, and recycle of each product.

## **Customer Notice**

Dow strongly encourages its customers to review both their manufacturing processes and their applications of Dow products from the standpoint of human health and environmental quality to ensure that Dow products are not used in ways for which they are not intended or tested. Dow personnel are available to answer your questions and to provide reasonable technical support. Dow product literature, including safety data sheets, should be consulted prior to use of Dow products. Current safety data sheets are available from Dow.
